On July 30, 2011, Thomas Stone National Historic Site will participate in World Ranger Day, an event that displays the different roles, responsibilities, commitments and careers that a park ranger performs. The documentary film, A Thin Green Line will be played throughout the day in the Visitor Center.

A PowerPoint presentation highlighting different aspects of what rangers do, including law enforcement, carpenter, biologist, interpretation and natural and cultural resources will be shown in the Visitor Center at 11:00 a.m. and 2:00 p.m. There will also be a World Ranger Day activity book for children to complete to earn a special certificate, and a possible teleconference with another park.

Thomas Stone National Historic Site will be open for this event from 9:00 a.m. until 5:00 p.m. Tours will be offered on the hour and half-hour starting at 9:30 a.m. until 4:00 p.m.

The park contains Haberdevventure, the restored home of Thomas Stone, outbuildings and cemetery. A Visitor Center features exhibits highlighting the American Revolution, a sales area and restrooms. Admission to the park is free. Parking is available at the Visitor Center.
